

## **ALL IS PEACE FOREVER**

Mankind all will be peace forever more  
As we gather on heaven's beautiful shore  
What a happy day that will be  
When redeemed saints shout God's victory

Heaven will be beautiful with every hue  
There'll be a mansion just for you  
The lamb, the lion both will be tame  
There'll be no sorrow, no longer any lame

We all will be perfect physical specimens!  
To God we must raise praise and Amens!  
There'll be no longer any sinner's blight  
Everything will just be all right

God will teach us the mystery of creation  
Daily we will receive Godly education  
We'll sabbatise on the Sabbath day  
With Him our redeemer, the only way

In heaven everything will be at peace  
Joy will always daily increase  
We will always sing and shout  
You don't have to be from heaven shut out

Getting there is amazingly free  
Just accept Him who died on Calvary  
You must tell others of the place where there's peace  
Where there's harmony, where death forever will cease!
